POSTAL REGULATORY
COMMISSION

Commission,

Citizens of the United States do not understand at all why Postmaster General DeJoy is trying to stop the mail service as we know it. We can understand if it was being made better in ways but what he is doing is undermining citizens from getting their medications on time, their bills on time, which is of utmost importance as you know, he is making it harder on postal employees to do their work efficiently, he is trying to make the postal service an ancient dinosaur going down the tubes into oblivion. This man did not and does not have any experience in postal service whatsoever as you and most of us know here in America. We are sitting back watching one single man take down a system that has been in place for hundreds of years. Are you going to let him do this? Are you going to help him take down this institution that we all need here?

Seriously, we are all trying to figure out what we can do to stop this insanity. Are you going to help us? I want my mail on time. I am not asking for this to be perfect. I am asking for this to be organized efficiently so my packages can get to where they are going in a fair amount of time. I am asking for the people to get their medications promptly so they don't suffer. I want to get my bills on time so I am not paying them late just because DeJoy has made it impossible to get them so I can pay them promptly.

Stop this Postmaster from destroying the mail system in the name of us out here stressing over things we should not be stressing over. We count on commissions doing the right thing for American citizens so we don't have to spend time doing their jobs for them. Think of the medicines that people need to live, think of the Social Security checks that are mailed so people can have somewhere to live and to eat, think of the packages that we are waiting to be delivered promptly so we can live our lives better since we can't get

many items we need in the stores anymore, I mean, I could go on and on and on with why the Postal system needs to be better, not worse like Dejoy is making it. The system is being destroyed by a Postmaster who knows nothing about the system.

We out here know that Dejoy was put in place by a man who wanted to change the voting system by making it extremely hard to vote. How American is that? Not at all. He was just a sore loser who made bad decisions in taking away so many American rights that we deserve. Old people can't make it to places sometimes being unable to drive and the mail system makes this possible. Are you really willing to help Dejoy allow this to all change? The Postal Service is meant to be improved not slowed or destroyed as Dejoy is doing. We feel hopeless out here in America watching this atrocity take place. Help us. Please. Help us get this to a better place instead of letting the Postmaster General hurt Americans. Don't let one man take a great American system down. Lead like you have never lead before. Lead the system back better. Remember all of us who rely on the Postal Service for so many reasons. We need your help. Help us like you have never helped before.

Sincerely,

A handwritten signature in cursive script, appearing to read "Rebecca Taylor". The signature is written in dark ink and is positioned below the word "Sincerely,".
